Popular Speaking Topics:

Resilient Leadership

Our business environment is always changing, and having the tools to recognize, adapt, and thrive is essential for all modern-day leaders. Resilient leadership teaches how to nurture your mental and emotional strengths in preparation for adverse conditions and difficult decisions. This helps one master change and lead the pack while others wallow.

Six-Generation Workforce

“Sorry, Not Sorry.” Phrases that define generations tell much about what is important. Understanding the six-generation workforce is crucial for modern organizations to thrive in today's diverse business environment. Effective strategies are important to foster collaboration and create a cohesive, productive organization. Successful implementation creates engaged team members who harness their unique strengths and drive innovation.

Leadership Core Principles

Leaders are not born but created. Authentic leadership involves being genuine, ethical, and compassionate. Leaders who practice authenticity and transparency can reduce workplace anxiety. This enhances employee well-being and increases engagement and loyalty. Honing one's Leadership core principles defines who you are and how you show up as a leader.

Success as the Minority in the Room

Level the playing field. Discover how to thrive and find success as the minority in the room. Gain insights and strategies to leverage your unique perspective and build confidence. Learn to navigate diverse environments, influence decision-making, and create impactful connections. Empower yourself to stand out, succeed, and inspire others.

Stacey excels in both large conference environments and smaller, executive-style functions and training events. She customizes each presentation to meet the specific needs of your organization.
